

**WOODVALE SECONDARY COLLEGE**  
**2017 Year 11 Afternoon Seminar Program**

Throughout Year 11, a range of seminars, ATB (across the board testing), workshops and assemblies have been scheduled to support students in maximising their achievement. There is an expectation that students fully engage with every opportunity. Outlined below is the schedule for the year. **Please do not book driving lessons, doctor appointments etc. for times when students are scheduled to be at school.** Assemblies are compulsory for all students and will run on Monday afternoons starting at 2.40pm. It is anticipated that students will generally finish school after assemblies at 3.00pm. Students are expected to attend any relevant ATBs and classroom teachers will advise of specific details prior to each assessment. Students who are not involved in testing are not required to be on-site on afternoons when testing is timetabled. On days when students are allowed to leave early, students may leave at the start of lunch (immediately following contact). Seminars/workshops will be provided to target groups and reminders sent out via the daily bulletin.

**TERM 1**

Day/ Date	Seminar	Time	Notes
Monday 13 February	Year Assembly Compulsory for all students	2.40pm	Venue – Year 12 lunch area
